

Solar Water Heater

Home » Products » Solar Water Heater » Solar Water Heater

Key Features of Solar Water Heater

1. Our solar water heater features simple but practical design.
2. This product is anti freezing and water scale thus it can be used at high latitude places.
3. Our water heater presents good safety, easy maintenance, high heating efficiency and more.
4. The solar water heater has high heating efficiency, as it is designed with pure copper solar absorber, black chromed or blue selective coating, and highly transmitting tempered glass.
5. The heater comes with reliable performance heat insulation layer which foams under automatic constant temperature and at high pressure condition. Hence the aging of our solar water heater occurs at high temperature.
6. This water heater works under pressure that enables multiple water supplies. The water in tank will not contact the air, which protects from being contaminated and the abortive design of bracket ensures safe use.
7. The oxidized alum alloy brackets resist malfunctioning and it is clean, environmental friendly, energy saving and more.

Technical Specification of Solar Water Heater

NT-SST (Compact Style) Flat Plate Solar Water Heater				
Model no.		NT-SST-150	NT-SST-200	NT-SST-300
Water Tank	Capacity	150L pressurized	200L pressurized	300L pressurized
	Style	Horizontal integrated	Horizontal integrated	Horizontal integrated
	Shell	FC aluminum plate (silver&black)	FC aluminum plate (silver&black)	FC aluminum plate (silver&black)
	Inner Tank Material	Stainless steel	Stainless steel	Stainless steel
	Max Working Pressure	0.6MPa	0.6MPa	0.6MPa
	Subsidary electric	1.5kW	1.5kW	2.5kW

Solar Water Heater

	al Heater			
	Package Dimension	590×590×1380mm	650×650×1500mm	590×590×2580mm
Solar collector	Model no.	NT-PTZ95-2.0-4	NT-PTZ95-2.37-4	NT-PTZ95-2.0-4
	Dimension of solar collector	2000×1000×95mm	2150×1100×95mm	2000×1000×95mm x 2pcs
	Gross area	2.0 m ²	2.37 m ²	4 m ²
	Absorber area	1.73 m ²	2.07 m ²	3.46 m ²
Bracket	Material	Cold-rolled plate with plastic sputtering	Cold-rolled plate with plastic sputtering	Cold-rolled plate with plastic sputtering

As a specialized solar water heater manufacturer and supplier in China, Heat pump supply also provides tubular solar water heater, solar collector, commercial air source heat pump, and domestic heat pump water heater, among others.
